EXPERIENCE

US House of Representatives, Washington DC — *Intern*

May 2023 - August 2023

Directing communications with constituents, industries, and other offices, attending meetings detailing technical and scientific innovations, and working on legislative policy analysis for the Congressman regarding space, science, and technology

University of Arkansas, Fayetteville — *Tutor*

January 2023 - Present

Acting as a supplemental instructor for students in Intro to National Government, Intro to Comparative Politics, Calculus 1, Programming foundations 1 and 2, and creating materials for the classes described

Central High School, Little Rock — *Assistant to the IT specialist*

September 2019 - May 2020

Setting up laptop carts, resolving technical difficulties in classrooms, and managing the disbursement of materials to classrooms

EDUCATION

University of Arkansas, Fayetteville — *BS in Computer Science, BA in Political Science*

August 2021 - Present

PROJECTS

eShop — *24hr Hackathon Project Sponsored by JBHunt*

Worked with a team to design and implement an app which can be used to scan barcodes and return a “sustainability rating” for the company which created it. Sustainability ratings were sourced through both AI, and a customer ratings database.

MinesWiiper — *Personal Project*

Developed a port of the Windows game “Minesweeper” to the Nintendo Wii which contained features not present in previous ports of the application, such as custom board sizes, accurate first-click protections, and zooming / panning capabilities

AWARDS
